I have in my possession a prescription for nervous debility, lack of vigor, weakened manbood, falling memory and lame back, brought on by excesses, unnatural drains, or the follies of youth, that has cured so many system and nervous men right in their own noncession and additional help or medicine—that I think every man who wishes to regain his manly power and virility, quickly and quietly, should have a copy. So I have determined to send a copy of the prescription free of charge, in a plain, ordinary scaled en-

What's the matter, Old Man? Getting tired of sticking around the desert? Come on, now. It's not so bad. But, say, if you really want a change why don't you take a run down to Carrara for Townsite Day. They'll sure wake you up down there. Funny thing about that place. Passed there in January and there wasn't a thing on the place but greasewood, and now they've got a store, moving picture show, cafe, livery stable, newspaper and a bunch of homes scattered around. Right down the center, where an old burro trail used to run, they've got a big fountain with a 25-foot spray, and a park with young trees on it, and electric lights, telephone and telegraph. It sure is a change. You ought to go down to see a real fountain again, if for nothing else.

Yes, they're running an excursion down there on May the eighth. Better look it up. There's a bunch of good business chances lying around loose there, too. You see the big payroll of the American Carrara Marble Company is responsible for the town, and they sure are seeing it thru.

All right. You'll come then? Don't forget. May 8th.
